

Overview

A Health Spending Account (HSA) is a tax efficient way to pay for your employee health and dental expenses. It can compliment your existing insurance plan to pay for things not covered (or partially covered) or can be applied as a stand-alone solution. Either way, the tax advantages of using a Health Spending Account are unparalleled making it a smart addition to your health and dental strategy.

The Corporate HSA is designed for incorporated companies of all sizes, whether you have one employee or hundreds. It is available to all employees regardless of medical condition or age.

Tax Effective

Medical and dental reimbursements are provided as non-taxable benefits to the employee, and the payments are a 100% tax deductible business expense.

Comprehensive

A wide range of expenses are eligible including: Dental, Laser Eye Surgery, Cosmetic Surgery, Prescription Drugs, Hearing Aids, Private Duty Nursing, and Naturopath visits. Review the full list of eligible expenses available on the web site.

Online Services

Web based on-line services are available to help you and your employees access their HSA information quickly and easily.

For Employees

- * *Enter claims*
- * *Check payment status*
- * *Check HSA balance*

For Company Administrators

- * *Add and remove employees*
